**From the Islands in Okinawa to the Islands in the Pacific.
We believe in the islands' potential. Strength of the islands is limitless.
For Islands' Prosperous Future, OPP with you.**

Philosophy

"Connecting Okinawa and Pacific Islands, connecting Japan and the world now."

This notion drove us to establish Okinawa Pacific Partners (OPP). We will connect the region, technologies and future based on partnership between Okinawa and the Pacific Island Countries.

OPP puts you into networks.

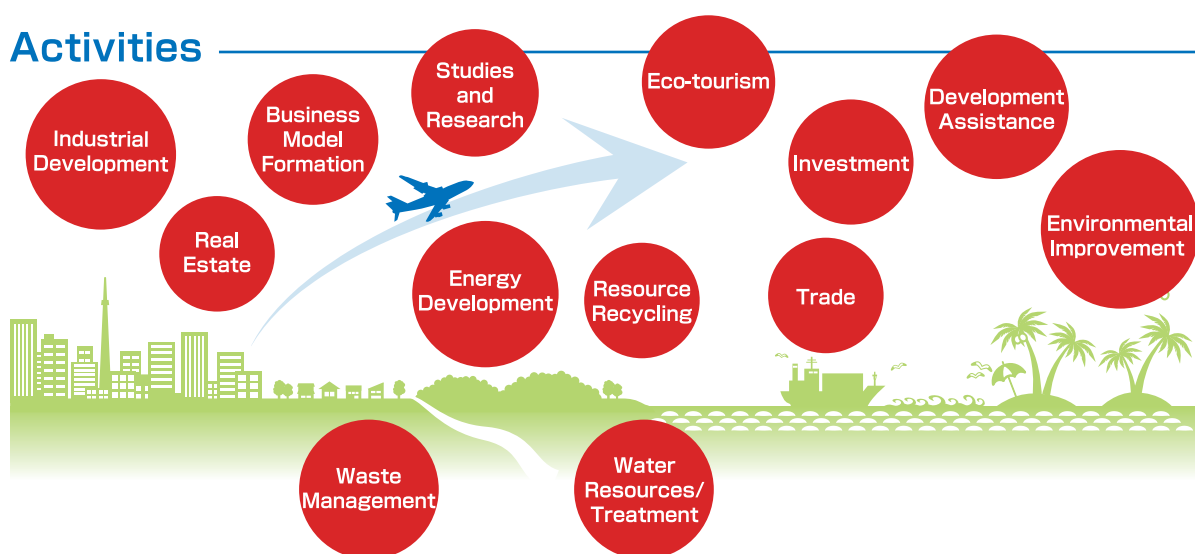

Objective

Our objective is to be a foundation of the "Bell of the Bridge of Nations" through promoting exchange between Okinawa and Pacific Island Nations.

We aim for assisting improvement of the people's life in the Pacific Island Countries, protection of natural environment, and sustainable economic development through international cooperation, infrastructure project and research based on development consulting method.

It is our unshakable belief that Okinawa and Japan will be vitalised even more from our activities.
